

# HER POTENTIAL IS ALSO YOURS

*An open letter on Women's Equality Day to everyone  
looking for the next industry-changing idea.*

40% of the world's population is female, but only 24% of the world's leaders are women. In 2012, only 7% of the world's CEOs were women.

97% of the world's population is female, but only 24% of the world's leaders are women. In 2012, only 7% of the world's CEOs were women.
